Midnight Marathon from December 15

BANGALORE: The sixth edition of the Bangalore Midnight Marathon, a unique, late-night running event, will be held at the KTPO in Whitefield here in December.

While 8500 runners participated last year, the number is expected to cross 10,000 this time, said organizer Rotary Bangalore IT Corridor.

Seven races

The Bangalore Midnight Marathon will comprise seven road races: the marathon, the half-marathon, the Adecco IT City Fun Run (5km), the Community Relay (5x1km), the Target 10K Run, the women's relay (8x5km) and the corporate relay (8x5km).

The event, scheduled for the night of Dec. 15 (and the morning of 16), seeks to raise funds for Rotary Bangalore IT Corridor's social welfare activities. For registration and other details, visit www.midnightmarathon.in or call Dipankar (9880105129).
